Objective

Motivated MERN Stack Developer proficient in React, committed to enhancing problem-solving abilities through continuous learning and hands-on experience. Seeking opportunities to leverage coding expertise to contribute effectively to dynamic web development projects and cultivate a growth-oriented career in the field.

Education

Daffodil International University   2020 - 2023
BSC in CSE | CGPA: 3.60

Technical Skills

- HTML
- CSS
- Tailwind CSS
- JavaScript
- React
- NodeJS
- ExpressJS
- MongoDB
- NextJS
- Git

Projects

Share2Savor - Food Donation Website   Client Side   Server Side   Live Link   05 Days

- Architected a responsive React frontend, ensuring an intuitive interface for donors and recipients, driving engagement and accessibility.
- Leveraged the power of MongoDB, Express.js, React, and Node.js to create a comprehensive food donation platform, ensuring a seamless full-stack experience for users.
- Implemented a robust authentication system using Firebase and JWT, guaranteeing secure user interactions across the MERN stack, fostering a trustworthy community-driven environment.

Frontend: React   Backend: Node.js, Express.js   Database: MongoDB   Authentication: Firebase, JWT

Lets Your Skill Up - Student and Class Management System   Client Side   Server Side   Live Link   07 Days

- Implemented a visually appealing home page with dynamic sections, captivating potential users instantly.
- Integrated Stripe for seamless and secure course enrollment and payment transactions.
- Developed distinct dashboards for students, teachers, and admins, each tailored to their specific needs.

Frontend: React, Tanstack Query   Backend: Node.js, Express.js   Database: MongoDB
Authentication: Firebase   Payment: Stripe   Additional: JWT Token Verification, Pagination

Extracurricular Activities

DIU Computer and Programming Club (DIU CPC) | Executive Member   Jan'22 - Present
- Spearheaded the planning and execution of key club activities, showcasing strong leadership and organizational abilities.
- Initiated and managed skill development programs, workshops, and training sessions for club members.

Professional Development

- Complete Web Development Course on Programming Hero.

Language

- Bangla - Native
- English - Fluent
